

## The new stylish, elegant and energy efficient Artcool Mirror Libero

A complete range of energy efficient split, multi & VRF systems featuring the unique **ART COOL** range of indoor units.

The latest Artcool Mirror Libero design offers energy efficiency and outstanding style. The smooth, elegant curves of the indoor unit are complimented by the chrome trim line and smart, high intensity, LED display. Available as an inverter single split system or as an inverter multi-system, the new Artcool Mirror Libero indoor is quiet, elegant and efficient. And multi and VRF systems can mix ARTCOOL indoor units with conventional hi-wall, cassette and ducted indoors to create the perfect system combination for modern living.
