

Refrigeration & A/C Equipment Sales Engineer – SOUTH EAST

Thermofrost Cryo is one of the UK's leading distributors of refrigeration and air conditioning products, selling across the whole of the UK, with offices in London, Birmingham and Manchester.

Our refrigeration products are well recognised and respected, and include Maneurop, Cubigel, J.E. Hall, Küba, Danfoss Saginomiya, Eliwell, Dixell, KD, Sporlan, Parker, Ebm, Eco Luvata and many others. We are also distributors of AC brands, LG, Hitachi and Sinclair.

We are seeking 2 x active, energetic persons with relevant experience in refrigeration and/or air conditioning to join our external sales team, to develop both refrigeration and air conditioning sales in and around London, in close liaison with our London (SE27) office which will provide technical and sales support. The territory covers a substantial existing customer base with great potential for further development.

This is an opportunity to join a successful, profitable company at a very exciting and rewarding time, selling established, well regarded refrigeration products and a strong portfolio of air conditioning products that have huge growth potential in the UK market.

As well as a competitive salary, commensurate with experience and track record, the position offers a company car, performance bonuses, a contributory pension scheme, and private medical insurance. Full product training will be provided. Thermofrost Cryo is an equal opportunity employer.

To apply for the position, please email your CV to Mr Alan Wright
